

THE NEW ENGLAND COUNCIL

New England Council Fellows Program **2026 Host Organizations**

On February 18, 2026, The New England Council's Fellowship Advisory Committee met to select the 12 organizations who will host our 2026 NEC Fellows. The Council received over 70 applications from a wide array of non-profit organizations throughout the region, and the committee selected two organizations in each state to host the next cohort of fellows. These organizations will now recruit and hire fellows to meet the needs of their organizations. The host organizations will be announced publicly in the next several weeks.
